"Sheetmetal parts are susceptible to slight damage due to the nature of the product and the method of shipment. **ONCE RECEIVED
PLEASE CHECK YOUR ORDER .**

***Do not wait; open packages immediately.**

If parts are damaged, a claim must be filed immediately. Call us upon receipt with the damage information. All Claims must be called in within 3 days. Keep all of the packing material and package or packages. Due to UPS procedures, if any item is damaged and reshipped to us, uninsured, UPS will be unable to process your claim, and we are unable to compensate you. We protect you by insuring all outgoing shipments.

* "I can't find the small item" Try looking on the large items for a small part to be taped. This practice has saved some little items from being thrown away with packing. Also, when there are several small parts, they may have been put in a bag to keep them together, or put in with another part. Also, look on the invoice, for notes. Still can't find it, please call; we will help you.
